

On time, on budget... our promise

Big words. Big back-up.

When it comes to meeting those tight deadlines, you need a supplier that can deliver. The Royal Institute of Chartered Surveyors has reported that only 63% of traditional building projects are completed on time and only 49% to the agreed contract sum.*

Last year, 99.6% of Portakabin buildings were delivered on time and on budget**

In fact, we are the only modular building provider to commit to delivering your buildings on time and on budget. And it's a promise we back up. Whether you hire or buy, if we fail to meet your contract start date, we'll give you a **week's free hire for every day we're late** or an **additional six months' warranty** on your new building.[△]
